COMMERCIAL INTELLIGENCE

WEDNESDAY EVENING, MARCH 15.

LONDON telegrams of last night quote Consols and 4 per cent. Rupee paper a little higher, viz. 101⅛ and 84½, respectively, but 4½ per cents. are reduced to 91⅜, and 3½ per cent. Sterling Loan to 101⅜. The payments of Gold into the Bank of England were about £100,000.

Coffee is quoted unchanged, prices being Mid.-Plantation 71 and Good Ordinary Native 46. Total stocks 12,000 tons ; week's landings 1,525, and week's deliveries 1,000 tons.

COCOANUT-OIL is quoted—Ceylon £27-5, and Cochin £34.

WHEAT No. 1 Soft White is advanced to 8-10, but other prices are unaltered.

METALS are all quoted the same as before.

The Liverpool Cotton Market was firm, with sales 12,000 bales ; quotations unaltered ; arrivals were firm.

Oomras Good Broach	Good Clause, do.	Mar.-Apr. via Canal do.	5 15-32 do. 6¼

In America the receipts were 11,000 bales. Spot prices same as the day before, but June arrivals a few points lower, being now quoted 12·52.

The Manchester Market yesterday, which is the great market day of the week, was reported firm, and it would seem that producers were expecting a better trade shortly to spring up. Dearer cotton and the repeal of the Indian duties are, no doubt, the main points on which they base their expectations, rather than on any improved demand as yet. If they can afford to wait and shipments to the East keep moderate, no doubt foreign markets must sooner or later respond.

The Cotton market here to-day has been very quiet all day, and sellers appear more anxious to make contracts. Quotations are generally about a Rupee lower all round, and not much business has been done. Buyers are still holding off.

EXCHANGE is very little altered, and we quote as follows :—

GOVERNMENT PAPER is firm to-day at 101 3-16 for 4 per cent. and 108½ for 4½. Bank of Bombay have been done at 767½ to 768¾, and Bombay and Burmah Trading Corporation at Rs. 2,375.

Press Shares are steady. There is a better feeling for Spinning shares to-day, and many of the companies are quoted Rs. 5 to Rs. 10 higher. Oriental have recovered to Rs. 675, Dhurrumsey to Rs. 550, Alliance to Rs. 815.

ON the motion of Mr. G. Geary, the Bombay Municipal Corporation yesterday voted an address to Her Majesty the Queen-Empress expressive of profound thankfulness for the merciful preservation of her life from the recent attack of an assassin.

YESTERDAY at the Fort Police Court, the last of the Kolhapore defamation cases, namely, that against Gopal Gunesh Agarkur and Bal Gungadhur Tilak, was concluded before Mr. Webb. The accused were committed to take their trial at the next criminal sessions, but were admitted to bail.

A LATE shipment of thirty tierces of Indian tobacco from the Pusa manufactory in Bengal to London has been pronounced by the experts, both merchants and brokers, to be of excellent quality, fully equal to American, and good prices were realised.

THE Calcutta branch of the Quartermaster-General's Office and the Military Secretary's Office will be transferred to Simla on the 16th March. Correspondence intended for those offices, which cannot reach Fort William by that date, is therefore to be sent to Simla. Communications of an emergent and important nature may, however, during His Excellency's tour, be forwarded to the Adjutant-General, Quartermaster-General, and Military Secretary, addressed, "Army Head-Quarters, care of Railway Mail Service."

THE death is announced, on the 7th instant, at Morar, of Captain C. W. Arthur, of the 1st Battalion York and Lancaster Regiment.

THE following officers will accompany His Excellency Sir Donald Stewart (Commander-in-Chief in India) on his projected tour in the North-West Provinces and Punjab :—Major General Sir G. R. Greaves, C.B., C.M.G., A.D.C., Adjutant General ; Major-General Sir C. MacGregor, K.C.B. C.S.I., C.I.E., Quartermaster-General ; Colonel E. F. Chapman, C.B., Aide-de-Camp to the Queen, Military Secretary ; Lieutenant G. Haines, Aide-de-Camp ; and Surgeon Major R. W. Davies, Surgeon to His Excellency.

THE conversion of the old coins into the new currency has caused a loss of 9 per cent. to the Goa treasury.

MAJOR FITZROY STEPHEN, of the Rifle Brigade, is to be attached to the Adjutant-General's Department at Simla this season for the purpose of revising the Volunteer Regulations. A Volunteer officer is also to be deputed to assist him.

THE Survey of India party who have been employed for the past few months verifying trigonometrical observations at Mergui returned to Calcutta on the 7th instant, in the s. s. Rajputana, from Moulmein. The party was under the command of Colonel Branfill, B. C., and comprised Lieutenant the Hon'ble M. G. Talbot, R. E., Mr. D. Atkinson, and a number of followers. The results of the labours of the party are said to be very satisfactory. Dr. J. Anderson, F. R. S., Superintendent of the Imperial Museum, is still in the neighbourhood of Mergui on a scientific expedition, shooting natural history specimens. A large number of skins has lready been forwarded to Calcutta for the museum

OUR Volunteers are perhaps not too well disciplined, as indeed their conduct in firing off their rifles after being dismissed from parade on a recent occasion sufficiently showed ; but they are not quite so bad as those of Lahore, apparently. The local paper is informed that on the 10th inst., "in the Volunteer camp, Private Gallagher, of the 3rd Punjab Volunteer Rifle Company, having threatened to assault one of the Volunteer officers, was placed under arrest, and subsequently sent to the lock-up. It is understood that he will be prosecuted before the local authorities." Another injustice to Ireland !

A CORRESPONDENT writes to an up-country contemporary :—"I want to know who it is intercepts the English papers. I take in five papers and a periodical. I get about three papers per mail as a rule ; and the periodical (a monthly) turns up fitfully and uncertainly about once a quarter. If I only knew *which* of the papers I was going to get, it would not be so bad ; but sometimes the *Graphic* is retained, sometimes *Punch*, sometimes the *World*, and this mail, alas, all three. I saw something in your columns about papers being treated with great freedom on board the mail-boats—opened, read, passed round, and so on. Now, I am the last man to deny the solace of literature to the officers of our mercantile marine, or to the passengers on board a P. and O. in the Red Sea, but why, O why, can't I have my papers when they have done with them ? I have several times exhorted my publishers to exercise care in despatching my papers, and I am assured they do so. I cannot for a moment suppose that any of the arrangements of the admirably-managed Postal Department can be in fault ! All I know is my papers don't arrive ; and I make this appeal through your widely-read columns to the good feeling of the person or persons who read the said papers first to let me have a look at them when they have quite done. I don't mind a few days' delay at all, and would rather, if the covers have been destroyed, that they were sent bearing than not at all."

THE *Englishman* has the following remarks and suggestion *apropos* of the pending Indian Army reforms :—"Now that it has been officially given out that certain regiments of the Indian Army are to be shortly absorbed, His Excellency the Commander-in-Chief will no doubt see the strong necessity of publishing, at the earliest possible moment, the numbers of the regiments to be broken up and of allowing an ample margin of time for the carrying out of that operation. Many regiments, which may have suspicions that their fate is hanging in the balance, will henceforth, until such publication takes place, continue in much suspense and anxiety of mind, a state of things which cannot fail to be prejudicial to the interests of good order and military discipline. The granting of sufficient time, again, when particulars are duly made public, for carrying them out, will be an appreciable advantage. It will allow of arrangements for the disposal of regimental property, such as huts, plate, band instruments, &c., with the least sacrifice, and will enable officers to meditate at leisure on the merits of the retiring scheme for their individual cases. The terms offered to British officers are, on the whole, fairly liberal, but they are as nothing compared with those granted the native ranks. These cannot fail to be most popular. Those offered to British officers might with advantage be extended to officers other than those of the corps to be absorbed. It may be found that a sufficient number of officers of the corps absorbed do not care to avail themselves of them, and Government will thus have these gentlemen thrown upon their hands at a considerable charge to the public purse. If the terms were extended to the Army at large, room could doubtless be found for officers thus thrown out of employ in appointments vacated in other regiments. A wing commander of a battalion to be absorbed, not wishing to retire, could be transferred to another regiment where a wing commander might be found willing to accept the new terms."

TROUBLE appears to be impending in Printing House Square. *Vanity Fair* states "on excellent authority" that the manager of *The Times* has been to the managers of the *Daily News* and the *Daily Telegraph* to request assistance from them in the event of a general strike of *The Times* printers.

HER MAJESTY THE QUEEN was to leave Windsor for Mentone shortly after ten o'clock on the morning of March 13. Travelling with the Princess Beatrice and her suite by Royal saloon train over the South-Western Railway, the Queen would, upon arrival in Portsmouth Dockyard, be received by the naval and military authorities, and would at once embark in the Royal yacht Victoria and Albert. The strictest privacy was ordered to be maintained during the railway journey, and visitors were to be rigidly excluded from the jetty of the Royal Dockyard. The Queen would not assume her incognita until she reached Cherbourg. Her Majesty is expected to spend a full month on the Continent, the probable date of her re-embarkation being April 15. The villa which the Queen is about to inhabit at Mentone is a modern structure sumptuously furnished, and filled with all the most modern appliances for health and comfort. It was built by Mr. Henfrey, the same gentleman whose villa was occupied by Her Majesty during her visit to Baveno. Mr. Henfrey is to be congratulated ; it is not often that an English subject, however wealthy, has the chance of twice being honoured by his Sovereign as his guest.

THE mail brings some particulars of the letter which Reuter informed us the Bishop of Moscow had addressed to the Czar, remonstrating against the "cowardice" of his Imperial Majesty in shutting himself up to escape from the Nihilists. A telegram from Berlin, dated Feb. 18, says :—Intelligence from St. Petersburg states that the Metropolitan of Moscow, Archbishop Macaire, who occupies an influential position in the political world in Russia, has addressed an autograph letter to the Emperor which is couched in terms of loyal frankness, and in which he urges His Majesty to quit his present retreat and cease to live in seclusion from his subjects. He intimates that poltroonery is injurious to the national traditions which have existed for a thousand years and have been observed by all His Majesty's ancestors, adding that the seclusion leads moreover to disunion between the Emperor and his people, a state of things which will finally accustom the latter to dispense with their sovereign. The letter says : "An Emperor of Russia ought to surround himself with enlightened Ministers, and strong enough to govern, and not sever himself from his people." According to reports current in the Russian capital, the Czar, irritated at the contents of this letter, summoned M. Pobedonoszeff, the Procurator-General of the Holy Synod, to his presence, and asked him whether he (the Emperor) had the right to dismiss a Metropolitan from his See. M. Pobedonoszeff replied, "Yes, your Majesty ; but not without the sanction of a general assembly of the Archbishops sitting in the Holy Synod."

THE recall of General Skobeleff, remarks the *Pall Mall Gazette*, is only what might have been expected, but we are not very sure that it is a particularly good piece of news for all that. "It may be," we are told, "that the attitude of his Imperial Master will be such as promptly to arrest the agitation." But what if the real mastery should belong much more to General Skobeleff than to the Czar ! What if the Czar, *brutalisé* by fear and swayed to and fro by stronger spirits than his own, has been a passive accomplice in the General's strange sayings and doings ? If that be so, the return of the incendiary to the powder magazine itself is not exactly, as Lord Salisbury would say, 'glad tidings of great joy.' The *Cologne Gazette* tells a story to the effect that when at Berlin General Skobeleff visited the painter Vereschagin, who asked him, 'How could you have been so foolish as to make such a speech at St. Petersburg ?' 'What would you have ?' the General replied. 'Things are going so badly in Russia that war is the only way out of the muddle.' The story may or may not be true, but its point is only too likely to be present to the speaker's mind. Another reported remark of an eminent personage is much to the point also. When Prince Bismarck heard of the speech to the Servians, he is said to have exclaimed, 'The most important point is to know whether the French have nibbled at the bait offered them by this lunatic.' One story, indeed, is that one of the objects of 'this lunatic' was to see how far M. Gambetta, whom he saw last year in Paris, is really used up, or whether he is likely to return one of these days with a policy of adventure in his wallet, in which Russian ill-will to Germany might be a prime element. M. de Freycinet, at any rate, will breathe all the more freely for the departure of the hero, whose unexpected and sensational advent is naturally supposed to have produced no small discomposure in his mind."

A SUPPLEMENTARY Naval Estimate was issued on February 24 for £50,000, the sum required, in addition to the sums already provided in the Navy Estimates for 1881-82, to meet additional expenditure for extraordinary transport services in connection with the outbreak of hostilities in the Transvaal. From this it appears that the total original estimate was £228,450, to which £170,000 was added by a supplementary estimate in August, 1881, and this, with the sum now asked for, will make a total of £448,450, nearly double the original estimate.

MR. CAINE proposed to raise in the House of Commons the question of officers of the Army and Navy on full pay holding seats in the House, and intended to move for a return showing the names of all present members of both Houses of Parliament who are in receipt of public money from the National Exchequer, whether in the form of salary, pay, pension, or allowance of any kind, showing also the names of the constituencies for which they sit, the amounts they receive, and the name of the office or nature of the service for which the money is paid.

AN infernal machine is reported to have exploded accidentally in Berlin. A telegram to the London papers, dated February 24, states that a fire broke out on the previous Tuesday (21st) in the goods shed of the Berlin terminus of the Stettin Railway, in consequence of the explosion of an infernal machine enclosed in a case, which had been deposited for transmission by a commission agent of London. The case was insured for a large amount, its contents being declared to be velvet, feathers, and furs. The perpetrator of the outrage was arrested.

M. BONTOUX, ever since his release, has been holding veritable *levées*, the Paris correspondent of the *World* states, in his palace of the Place Vendôme. On Sunday—a *dies non*, as ordinary receptions go—the carriages stretched half round the square and half-way down the Rue Castiglione. The director of the Union talks confidently, defiantly, of the coming resurrection of his company ; and meanwhile he is a thorn in the side of the Ministry, which may very possibly prove a dagger. Bontoux released, and the Jesuits coming back ! The force of reaction could no further go.

THE ATTEMPT UPON THE LIFE OF THE QUEEN.

AN ADDRESS VOTED BY THE CORPORATION.

AT the meeting of the Bombay Municipal Corporation yesterday afternoon, Sir Frank Souter in the Chair, a special resolution was brought forward voting an address of congratulation to the Queen-Empress on Her Majesty's escape from assassination. There were present :—Mr. J. C. de Aguiar, Dr. Atmaram Pandurang, Mr. J. Bapty, Dr. Thomas Blaney, Khan Bahadoor Byramjee Dadabhoy, Mr. Byramjee Nusserwanjee Serval, Dr. T. Cody, Dr. H. Cook, Dr. Cowasjee Hormusjee, Mr. P. C. DeSouza, Mr. J. R. Duxbury, Messrs. Grattan Geary, Goculdas Jugmohundas, D. E. Gostling, Col. Hancock, Messrs. Homejee Cursetjee Dady, Hormusjee Nowrojee Saklatwalla, H. E. Jacomb, the Hon. Sir Jamsetjee Jeejeebhoy, Bart., Messrs. Javerilal Umiashanker Yajnik, Joombhoy Laljee, D. S. Kemp, F. Mathew, Muljee Bhowanidass Barbhai, Capt. Morland, Khan Bahadoor Muncherjee Cowasjee Murzoan, Messrs. Nowrojee Byramjee Suntook, Nowrojee Furdoonjee, Dr. Pinkerton, Major Portman, Messrs. Raghoonath Narayen Khote, Tribhowandas Munguldas, and Vandrawundas Purshotumdas.

Mr. Grattan Geary said.—I have the honour to propose, at this the first opportunity which presents itself, that the Corporation should transmit to the Queen-Empress the expression of the deep concern with which we all heard of the recent attempt upon Her Majesty's life in the same, and to express our thankfulness that the attempt failed to injure, or even to discompose, Her Majesty (Applause). The exalted station of the Queen, while rendering conspicuous the many virtues which have endeared her to the hearts of her subjects in every clime, unhappily exposed her to exceptional dangers. But it is a subject of satisfaction that no sane man has ever been found infamous enough to raise his hand against her life. The present, the present attempt, like those which have preceded it, was due to the distempered brain of a crazy individual who should not have been at large. There is not even a pretence of political or private enmity to bring the outrage within the category of those regicidal crimes of which sovereigns in other lands have been the objects or the victims. If there were no madmen in England, Her Most Gracious Majesty would never be in danger ; the love of her subjects would be a better safeguard than all the abundant precautions which the rancour of political fanaticism renders necessary, and sometimes unavailing, elsewhere. The admirable courage and self-command which Her Majesty showed upon an occasion which might have tried the nerves of a soldier—for it is a startling thing to be suddenly made the target for shots from a revolver fired at short range—has shown once more the high and royal spirit of which Her Majesty has given so many proofs. (Hear, hear.) It would have been an unspeakable calamity, spreading grief throughout the whole world, had that august life fallen a victim to the causeless attack of an obscure lunatic. Her Majesty's innumerable subjects have been saved from that calamity and that grief. While expressing our horror at the attempt of which our beloved Sovereign has been the unoffending object, we will all, natives and Europeans, join in expressing our loyal and respectful, but most sincere, feelings of profound thankfulness that the Almighty has in His goodness shielded Her Majesty from a great and sudden danger. (Applause.) I beg to propose "That a humble address be submitted by the Municipal Corporation of Bombay to Her Most Gracious Majesty the Queen-Empress of India expressive of the profound thankfulness of her people for the merciful preservation of her life from the recent attack of an assassin." (Applause).

Mr. H. W. Barrow, the Assistant Commissioner, read the following draft of the address, which he stated would, if adopted, be engrossed on vellum and forwarded to the Queen :—

"MAY IT PLEASE YOUR MAJESTY,—

"We, the Chairman and members of the Corporation of the city of Bombay, humbly beg to approach your Majesty with the loyal expression of our deep concern at the recent attempt upon your Majesty's life.

"It has been to all your Majesty's faithful subjects in Bombay, without distinction of race or creed, a source of most unfeigned satisfaction that the attempt of which we have heard with consternation failed even to alarm your Majesty. The outrage has but served to evoke throughout the Empire, and nowhere with more sincerity than in India, a unanimous expression of the devoted loyalty and affection with which the long and beneficent reign of your Majesty has inspired the hearts of your Majesty's countless subjects.

"It is our heartfelt prayer that the Almighty, whose protecting care has preserved your Majesty from all harm on this occasion, may ever watch over a life precious to so many millions of the human race, and make your Majesty's long and glorious reign the source of continued blessings to all your Majesty's dutiful and loving subjects."

The Chairman, Sir Frank Souter.—I have very much pleasure in seconding the motion, and I entirely endorse the sentiments so well Gratian Geary has just given expression, and in which, I am sure, you will all entirely concur. (Applause.)

Mr. Tribhovundas Munguldas.—The tidings of the nefarious attempt made on the life of our most gracious Sovereign fell on us with the force of an electric shock, and the event has become a common topic in every household. The equilibrium of the public mind was suddenly disturbed by the evil tidings brought to the city, but by God's good providence we soon received intelligence of the wonderful escape of Her Most Gracious Majesty. The news of the abominable attempt filled all classes of the people in this city with inexpressible sorrow, and in the fervour of their loyalty and devotion to Her Majesty the different sections of the community of Bombay are making arrangements to hold a meeting to give expression to their gratitude for Her Majesty's escape. As representatives of the city, the Corporation should give expression to their sentiments of sorrow on this occasion, and place on record their sense of gratitude to the Almighty for the wonderful preservation of Her Majesty. With these few remarks, I recommend for the acceptance of this meeting the motion proposed by Mr. Geary.

Dr. De Souza said.—I desire to support the motion for the adoption of an address to our gracious lady the Queen-Empress, expressive of our thankfulness at her recent merciful deliverance from the attempt on her life. This has been so ably, though briefly, introduced by the proposer that I have little or nothing to add beyond saying that it is a matter of rejoicing to us all that this attempt has no political significance, but was the act of a man of diseased mind. The beneficent rule of the Queen-Empress has so endeared her to her subjects, European and Indian, that no sane man would have seriously contemplated injuring the august person. Thanksgiving services have been, and are being, held, demonstrating the loyalty of every class of the community in this city. (Applause.)

Mr. Nowrozjee Furdoonjee said.—I had numerous opportunities of observing during my residence in England the manifestations of the attachment and loyalty which the British people of the Crown entertain towards Her Majesty's person and the Throne. I had the honour of being present on several grand occasions and witnessing manifestations of the people there ; and on one occasion I recollect well that, when Her Majesty the Queen was expected to make a grand entry with the Russian Princess who had just joined her household, the people assembled in thousands, waiting for Her Majesty to pass through the city of London. It was a winter day, and the snow fell thickly ; yet the people remained, in the falling snow, in the public streets, and their loyalty and love was not to be so, the return of the incendiary to the powder magazine from the inclement weather prevailing at the time. That shows the estimation in which Her Majesty is held in her own country ; and if she were to honour us with her presence, the natives of all ranks and classes would consider it a great privilege personally to manifest their loyalty and affection towards Her Majesty's person, by every household turning out wherever they could to have a look at her benign countenance. At the thanksgiving meetings that have been held in the sacred temples of natives of different creeds, at one of which, held in our own sacred fire temple, I had the honour of being present, all ranks of people joined in fervent prayer to the Almighty for saving Her Majesty from the arch-fiend of a madman. The same good fortune that has hitherto blessed Her Majesty's subjects by preserving her from previous attacks will, we trust, continue to favour Her Empire and the British, in one Empire, and we all trust that Her Majesty's life may be long spared, that her sway over these territories may be prolonged. Therefore I, as a humble subject of Her Majesty, join cordially and fervently in the address which has just been proposed. (Applause.)

Mr. DeAguiar also supported the motion and bore testimony to the fact that among all sections of the community, without exception, there was but one feeling, that of horror at the attempt, and of thankfulness at Her Majesty's escape. (Hear, hear.)

Mr. Rugoonath Narayen Khote.—Mr. Nowrojee has made an allusion to several meetings held by the Parsee community in Bombay, and I think it is my duty to announce on this occasion that there is to be a large meeting of Hindus of all creeds at the Walkeshwar temple next Sunday to offer thanksgiving to the Almighty for the narrow escape of our Gracious Sovereign from the nefarious attempt of an insane person. This is an address in which every citizen of Bombay will cordially join, and the sympathy which we express on this occasion will be general all over the land. (Applause.)

It was proposed by Mr. B. N. Serval, seconded by Dr. Pinkerton, that the address be telegraphed to Her Most Gracious Majesty.

The Chairman.—Then I put it to the meeting whether this address shall be telegraphed or sent in the usual manner.

Dr. Blaney.—Mr. Serval has not explained whether he wishes the address to be telegraphed by the Corporation or through the usual channel of H. E. the Governor.

Mr. Serval.—By the Corporation of course.

Dr. Pinkerton.—A similar address has been telegraphed from Calcutta, and there is no reason why it should not be telegraphed from Bombay.

The Chairman.—I do not see that it is absolutely necessary. But I am willing to second the proposal, if it need a seconder.

Dr. Pinkerton.—As your proposition is a rider, Mr. Serval, perhaps Mr. Geary will accept it.

Mr. Geary having assented, the motion was carried unanimously.

A MEETING of the Mahomedans of Bombay is to be held this evening, at half-past five o'clock (Bombay time), at Aga Rahim's Hall, Baboola-tank, to adopt a resolution of congratulation at the recent escape of Her Majesty the Queen-Empress.

A PRIVATE meeting of the representatives of the Bengal Chamber of Commerce and of the Calcutta Trades' and British Indian Associations was held at the Chamber on Thursday evening last, with a view to arranging for a meeting at an early date of the representatives of Calcutta Society to adopt an address to the Queen, congratulating Her Majesty on her recent escape from an attempt on her life. It was resolved to convene a meeting to be held at the Chamber on Thursday, the 16th instant, at 5 P.M., and in the meantime to communicate the result of the preliminary meeting through the Viceroy, who has accordingly despatched the following telegram to her Majesty :—

"From the Viceroy to the Queen-Empress, London. Dated Calcutta, 11th March, 1882, 7-30 A.M.

"I have the honour to inform your Majesty that, at a meeting of representatives of the Bengal Chamber of Commerce, Calcutta Trades' Association, and British Indian Association, held on Thursday evening, a Committee was formed to prepare an address expressive of the loyal and heartfelt congratulations of all Sections of the Calcutta community at the providential escape of your Majesty from the attempt, recently made on your Majesty's life."—*Englishman.*

MAHOMEDAN CONGRATULATORY ADDRESS TO THE QUEEN.—At an ordinary meeting of the Mahomedan Literary Society of Calcutta, held at the Calcutta Mudrassah on the evening of the 10th instant, presided over by Prince Mahomed Nusseroodeen Hyder (Mysore Family), Vice-President, the following Resolution, proposed by Moulvie Duleeloodeen Ahmud Khan Bahadoor, and seconded by Rajah Syed Ameer Hussen, Khan Bahadoor, Talookdar of Mahmudabad in Oudh, was carried unanimously :—"That the Committee of Management be requested to prepare an address of congratulation on behalf of the Mahomedan community, to Her Most Gracious Majesty the Queen-Empress of India, on her providential escape from the recent attempt on her life, made by a lunatic, and to forward the same to Her Imperial Majesty, through His Excellency the Viceroy and Governor General."—*Englishman.*

AN EPIGRAM.

TO THE EDITOR OF THE "BOMBAY GAZETTE."

SIR,—I accidentally lighted on this epigram of Hood's, as I was reading this morning. It is very old of course, and most people are familiar with it, but the recent dastardly attempt on the life of Her Majesty the Queen gives it a new lease of life.

"Three traitors,—Oxford, Francis, Bean—
Have missed their wicked aim ;
And may all shots against the Queen
In future prove the same.
For why ? I mean no turn of wit,
But seriously insist
That if Her Majesty were hit,
No one would be so missed."

Hood and his quips and cranks, his whims and oddities, and his puns good and bad, have long been buried ; but his loyal hope in lines 3 and 4 has just been happily fulfilled.

BOMBAY ICE-MANUFACTURING COMPANY.—An extraordinary general meeting of shareholders of the company was held yesterday at its registered office, Church-lane, Mr. N. Byramjee Jeejeebhoy, Chairman of the board of directors, presiding. On the motion of A. Wallace, seconded by Mr. Millard and Dorabjee Khote, it was unanimously agreed that the following special resolution, passed at the meeting of the 22nd ult., be, and the same is hereby, confirmed—"That the board of directors of the company be, and they are hereby, empowered to accept surrenders from the holders thereof of so many of the 'B 10 per cent. Preference Half Shares,' 'C 10 per cent. Preference Half Shares,' and 'C 10 per cent. Preference Quarter Shares' of the company as the said holders may from time to time be willing to surrender, and to issue in lieu threof to the said holders one share of one hundred rupees fully paid up, to be called a 'B 10 per cent. Preference Share,' for any and every two of the said half shares so surrendered by them respectively, one such 'B 10 per cent. Preference Share' for any and every four of the said quarter shares so surrendered by them respectively, and one such 'B 10 per cent. Preference Share' for any and every one of the said half shares, together with any and every two of the said quarter shares so surrendered by them respectively." The proceedings terminated with a vote of thanks to the Chairman.

ICE FOR GUZERAT.—Mr. W. J. Essai has started a new enterprise. He has hired a wagon from the B. B. and C. I. Railway Company, and intends, commencing yesterday, to run as far as Ahmedabad every day with a supply of ice for the principal stations on the line. Mr. Essai is prepared to deliver ice at any station, from Bandora to Ahmedabad, at the very reasonable rate of one anna per lb. Remembering the complaints, both loud and deep, which some from Baroda and other Guzerat stations last hot weather, Mr. Essai deserves to have liberal support given to his new venture.

CABS.—The new brougham-hansom cab, which is being tried in Bombay, appears somewhat similar to a vehicle of that name brought out a few months ago by a Birmingham firm of coach-builders. Unlike the Bombay pattern, which opens at the back and has the driver on the top, the English broughham-hansom resembles the hansom patent safety in having a front formed of full length doors which open either forwards in continuation of the sides, or backwards parallel with and inside the sides. Both sides and front have sliding glass windows, so that the vehicle can be used either as an open or closed carriage. It is much lighter than the ordinary hansom. The advantages of having the driver perched on the roof with his legs hanging down over the front of the vehicle, as appears to be the case in the new Bombay cab, are not apparent ; on the contrary, there are obvious reasons why no portion of the driver's person should be to windward of the passenger. Another objection to having the door at the back would be that a dishonest fare might give his driver the slip *en route*. On the whole, so far as we can judge from the published descriptions of the two vehicles, the Bombay cab is inferior in design to the similar conveyance exhibited at the Agricultural Hall in October last.—*Pioneer.*

A BREACH OF THE FACTORY ACT.

YESTERDAY at the Girgaum Police Court, before Mr. Hosabhoy Framjee, the manager of the Jadowjee Raghowjee Spinning and Weaving Mills was charged, at the instance of Mr. H. E. Jacomb, the Government Inspector of Factories, with employing in the factory nine boys under twelve years of age, contrary to the provisions of the Factory Act of 1881. A similar charge was preferred against the manager of the Jivraz Balloo Spinning and Weaving Mills, in respect of having employed three boys contrary to the provisions of the Act ; and also against the manager of the Alliance Spinning and Weaving Mills, in respect of five boys similarly employed.

Mr. Jefferson, solicitor, appeared on behalf of the manager of the Jadowjee Raghowjee Mills. On behalf of his clients he admitted the offence and pleaded that the boys come into the mill and were employed during the absence of the manager, and it was difficult to ascertain their correct ages.

Mr. Craigie, solicitor, who appeared on behalf of the manager of the Jewraz Balloo Mill, denied the charge, and was willing to prove that two of the boys complained of were not on the register. A long discussion ensued regarding the age of the boys employed, and as to how their correct age could be ascertained. It was alleged to be difficult for any person, except the parents and relatives of the boys, to decide their age.

Mr. Roughton, solicitor, who appeared on behalf of the Alliance Mill manager, made the same defence on behalf of his client.

In disposing of the case against the manager of the Jadowjee Raghowjee Mill, the magistrate remarked that the circumstances mentioned by Mr. Jefferson were such as might be alleged in every case of this kind. Neglect or carelessness in permitting the boys to obtain admission was no excuse. The little boy now before the court was obviously under twelve years of age, if not under ten, as he (the magistrate) supposed. However, considering all the circumstances of the case, as well as the fact of this being the first prosecution under the Act—which he hoped would act as a warning to others—he thought the ends of justice would be satisfied if he inflicted upon the defendant a fine of Rs. 20. The magistrate, however, stated that it was not to be expected that a law which had been passed after considerable caution and deliberation, and in the interest of humanity, would be allowed to remain a dead letter. In future prosecutions he would not deal leniently with the offenders.

In the matter of the charges against the other two mill managers, his Worship remarked he was satisfied from what he had heard that it would be impossible to convict in their cases. Mr. Jacomb had evidently tried to do his duty, but the defects in the record had been in the way of the successful prosecution of the cases. One good effect would result from the prosecution, and that was that a better mode of registering the boys would be adopted. The failure to produce the boys before the court was to be deplored. Mr. Jacomb did not feel himself warranted in detaining the boys when he detected them. Perhaps he feared that he would be exceeding the law in detaining them. In future Mr. Jacomb would [illegible] the parents of boys [illegible] might be advised ; [illegible] boys supposed to be [illegible] if not absolutely [illegible] were discharged, [illegible]

CHILDREN'S FETE.

THE annual children's fete at the Ladies' Gymkhana yesterday was quite a success, and the children seemed delighted. The pavilion was prettily got up with banners and flags, and the good things in the shape of cakes and sweets made an imposing sight spread out on half-a-dozen large tables. The young people kept pouring in from 4 till 6 p.m. When the children had been seated, they were regaled with the dainties provided, and did ample justice to the judgment of their caterers. At about half-past five Mr. Phipson, dressed up as "the old woman who lived in a shoe," arrived in a carriage, followed by another carrying a tremendous shoe. The children rushed to the gateway to welcome this unexpected guest. This incident was very nicely arranged and the spirit of the nursery legend was well carried out. Punch and Judy were exhibited, and their peculiar conjugal disputes occasioned great amusement. Leo, who looked very savage and manly, caused some dismay among the young people, who fought shy of this king of the beasts, and gave vent to shrieks. The children once again adjourned to the pavilion, where they had a little more refreshment, and were each presented with a pretty souvenir of their visit in the form of a doll or a drum. The proceedings terminated with a display of fireworks. H. E. the Governor's Band was in attendance during the evening.

CHARGE OF FORGERY.

AT the Fort Police Court yesterday, Bapoojee Dhunjeebhoy Banajee, who is charged with committing forgery, was brought up on remand before Mr. Ryan.

Mr. Cleveland, Public Prosecutor appeared for the prosecution ; and Mr. Dinshaw D. Davar, barrister, for the defence.

Before the case was proceeded with, Mr. Davar brought to the notice of the court an article appearing in the *Bombay Samachar* commenting on the merits of the case. He did not ask the court to take action in the matter, but was simply anxious that his Worship should express his opinion on the article.

Mr. Bhaishanker, who was instructed to appear on behalf of the proprietor of the newspaper, said that the article in question was not a comment on the merits of the case, but it was a review of a civil action in which Mr. Heerjeebhoy H

DR. J. COLLIS BROWNE'S CHLORODYNE,

THE ORIGINAL and ONLY GENUINE.

ADVICE TO INVALIDS.—If you wish to obtain quiet, refreshing sleep, free from headache, relief from pain and anguish, to calm and assuage the weary aschings of protracted disease, invigorate the nervous media, and regulate the circulating systems of the body, you will provide yourself with that marvellous remedy discovered by Dr. J. Collis Browne (late Army Medical Staff), to which he gave the name of CHLORODYNE, and which is admitted by the profession to be the most wonderful and valuable remedy ever discovered.

CHLORODYNE is the best remedy known for Coughs, Consumption, Bronchitis, Asthma.

CHLORODYNE acts like a charm in Diarrhœa, and is the only specific in Cholera and Dysentery.

CHLORODYNE effectually cuts short all attacks of Epilepsy, Hysteria, Palpitation, and Spasms.

CHLORODYNE is the only palliative in Neuralgia, Rheumatism, Gout, Cancer, Toothache, Meningitis, &c.

From Symes & Co., Pharmaceutical Chemists, Medical Hall, Simla, January 5, 1880, to J. T. Davenport, Esq., 33, Great Russell Street, Bloomsbury, London. Dear Sir,—We embrace this opportunity of congratulating you upon the wide-spread reputation this justly esteemed medicine Dr. J. Collis Browne's Chlorodyne, has earned for itself, not only in Hindostan, but all over the East. As a remedy of general utility, we much question whether a better is supported into the country, and we shall be glad to hear of its finding a place in every Anglo-Indian home. The other brands, we are happy to say, are now relegated to the native bazaars, and, judging from their sale, we fancy their sojourn there will be but evanescent. We could multiply instances *ad infinitum* of the extraordinary efficacy of Dr. Collis Browne's Chlorodyne in Diarrhœa and Dysentery, Spasms, Cramps, Neuralgia, the Vomiting of Pregnancy, and as a general sedative, that have occurred under our personal observation during many years. In Cholera, Diarrhœa, and even in the more terrible forms of Cholera Itself, we have witnessed its surprisingly controlling power. We have never used any other form of the medicine than Collis Browne's from a firm conviction that it is undoubtedly the best, and also from a sense of justice we owe to the profession and the public, as we are of opinion that the substitution of any other than Collis Browne's is a DIRECT AND WILFUL BREACH OF FAITH ON THE CHEMIST TO PRESCRIBER AND PATIENT ALIKE. We are, Sir, faithfully yours, Symes & Co., Members of the Pharm. Society of Great Britain, His Excellency the Viceroy's Chemists.

CAUTION.—Vice-Chancellor Sir W. Page Wood stated that Dr. J. Collis Browne was undoubtedly the Inventor of Chlorodyne; that the story of the defendant Freeman was deliberately untrue, which he regretted to say, had been sworn to.—See "The Times," July 13, 1864.

Sold in bottles at 1s. 1½d., 2s. 9d., 4s. 6d., and 11s. each. None is genuine without the words "Dr. J. Collis Browne's Chlorodyne" on the Government stamp. Overwhelming medical testimony accompanies each bottle.

CAUTION.—Beware of Piracy and Imitations.
